# CRICBUZZ ANALYSIS

By Somnath Kayal

BACKGROUND

Cricbuzz is one of the most popular cricket-focused digital platforms, providing live scores, commentary, and detailed coverage of cricket matches worldwide. It was founded in 2004 and has grown into a go-to hub for cricket fans.
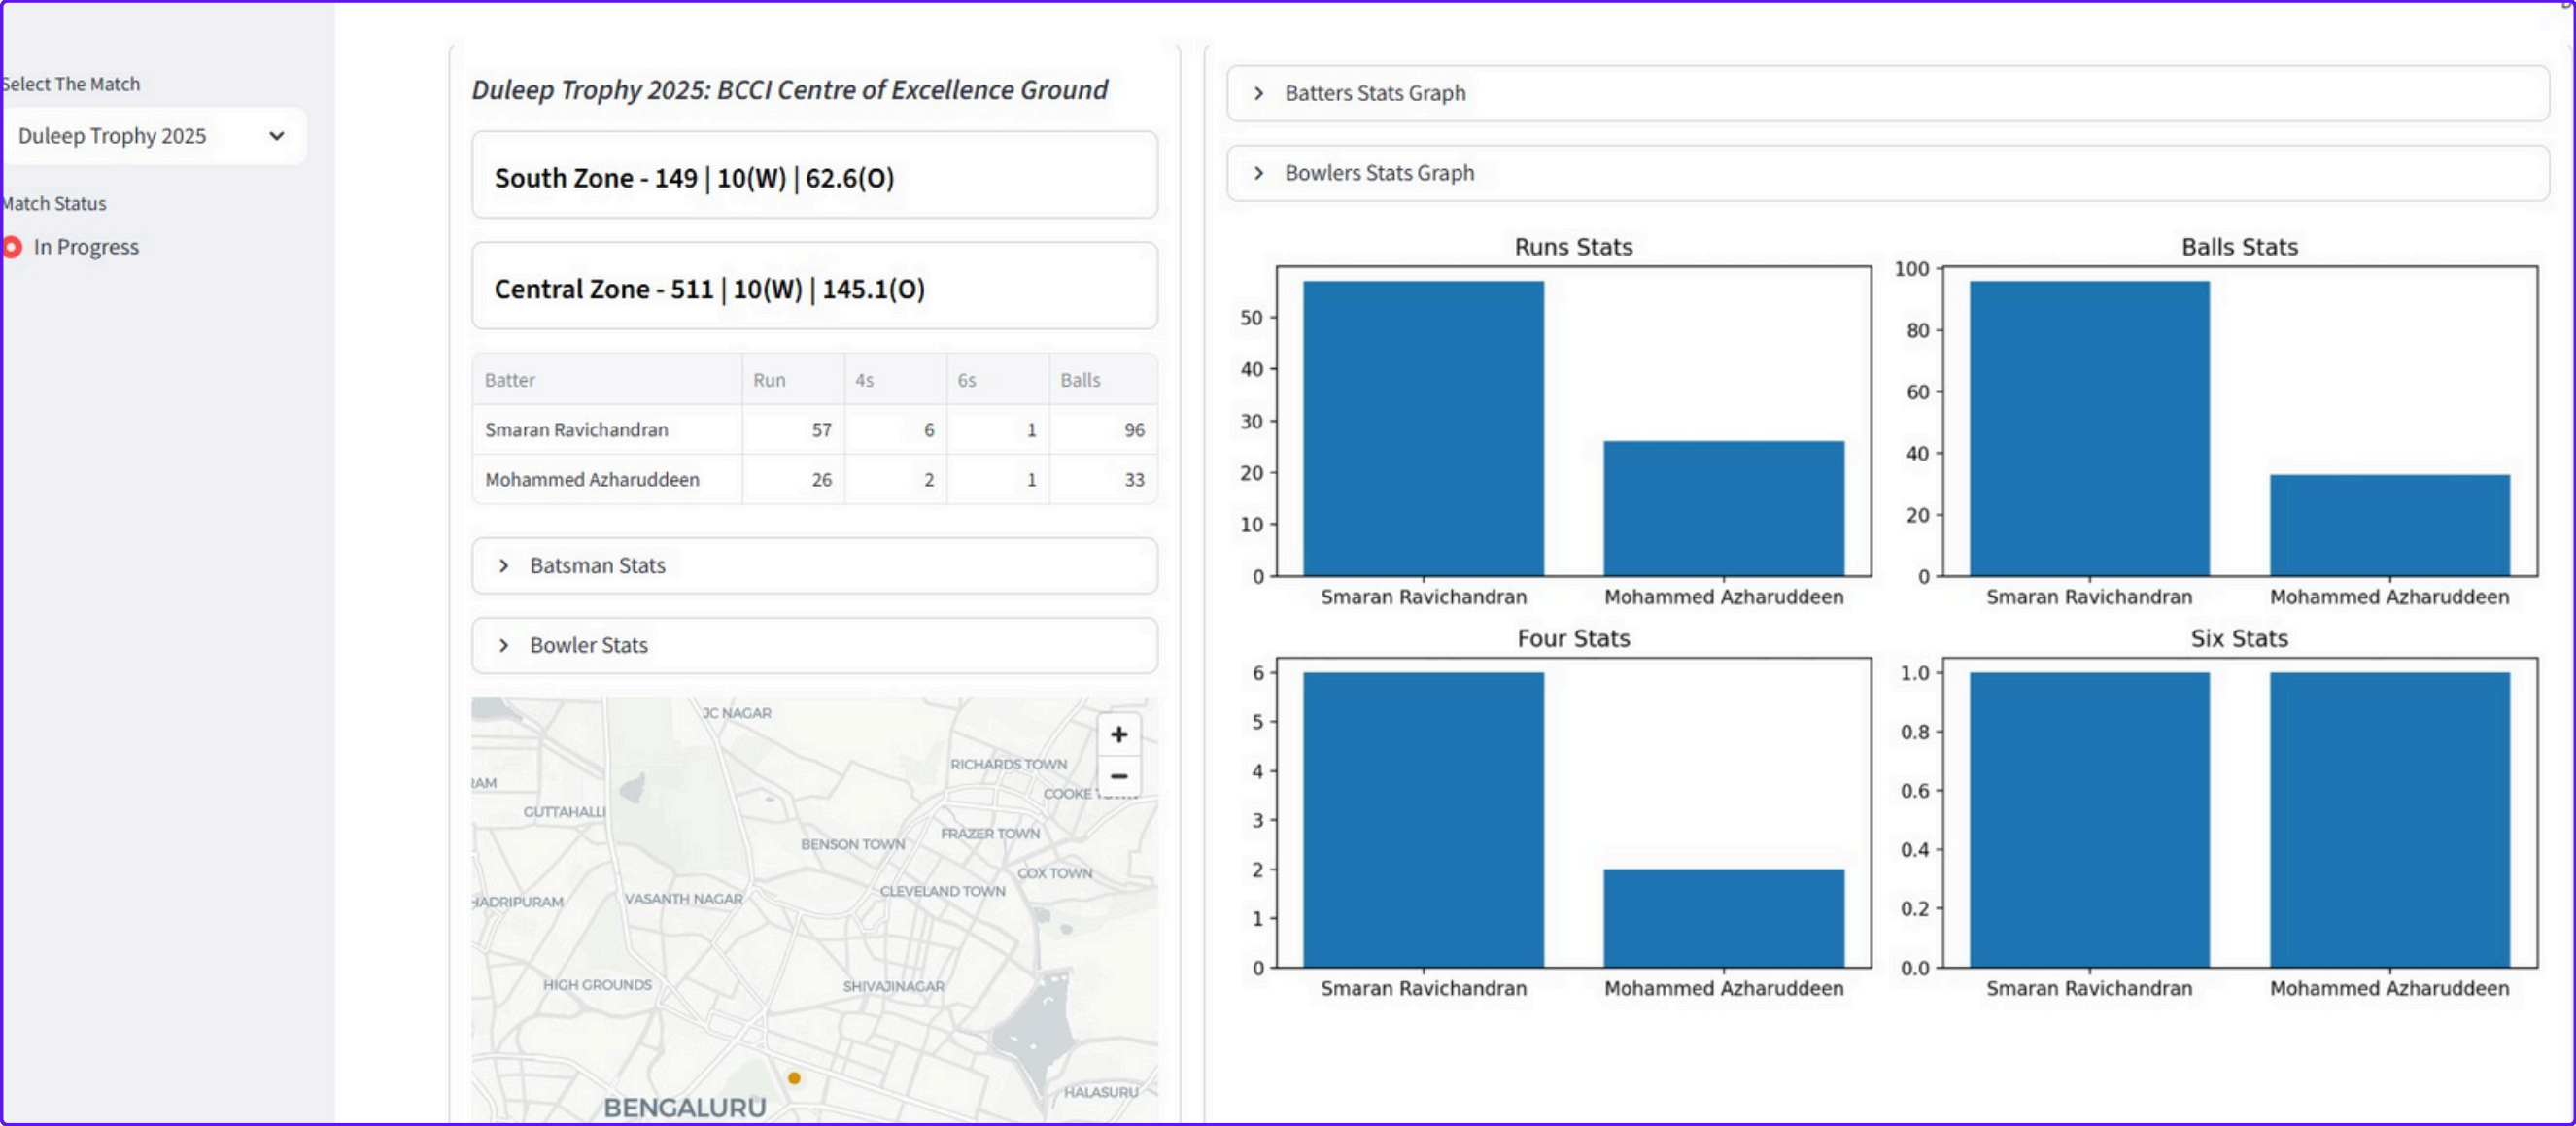

KEY HIGHLIGHTS:

- Live Scores & Commentary: Real-time ball-by-ball updates for international and domestic matches.
- News & Analysis: Articles, match previews, post-match analysis, and expert opinions.
- Player & Team Stats: Detailed player profiles, records, and team performance insights.
- Rankings & Schedules: ICC rankings, upcoming fixtures, and tournament calendars.
- Mobile App: Its Android and iOS apps are among the most downloaded sports apps globally.

SORRY! NO DATA AVILABLE

INSIGHTS
Batting Insights (Most Runs Table)

- Top Run Scorers: Litton Das (87 runs, Avg 43.5, SR 133.85) → most consistent across 2 matches.
- Power Hitters: Azmatullah Omarzai → 53 runs off 21 balls (SR 252.38, 5 sixes, 2 fours) → highest strike rate, pure
- Anchors / Consistent Players: Pathum Nissanka (50 runs, SR 147, Avg 50.0) → steady opener with balance of risk & stability.

Observation:
- Strike rates above 200 (Abhishek Sharma, Omarzai) show an impact-hitter trend in T20s.
- Players like Litton Das & Nissanka are combining consistency with aggressive starts → crucial for team balance.

INSIGHTS
Bowling Insights (Most Wickets Table)

- Wicket Takers: Kuldeep Yadav → 7 wickets in 2 matches, Avg 3.57, economy brilliant (25 runs conceded in 37 balls). Also has a 4-fer → currently best bowler of the tournament.
- Best Economy & Strike Rates: Shivam Dube → 3 wickets for just 4 runs (Avg 1.33, economy 2.0) → golden arm, but bowled only 2 overs (not tested in full quota).
- Supporting Spinners/Pacers: Axar Patel (3 wickets, Avg 10.33) → good economy (4.4 RPO).
-

Observation:
- Spinners (Kuldeep, Axar, Varun) dominating → conditions helping turn.
- Part-timers (Dube, Saim Ayub, Gulbadin) have been unexpectedly effective.
- Fast bowlers like Bumrah, Tanzim are steady but haven't run through sides yet.

INSIGHTS
Other Bats Scores

- Azmatullah Omarzai (53 off 21, SR 252.38) → the most destructive innings, showing pure power-hitting (5 sixes). A true game-changer in the middle order.
- Strugglers in Strike Rate:
- Sahibzada Farhan (40 off 44, SR 90.91 vs India).
- Babar Hayat (39 off 43, SR 90.7 vs Afghanistan).

- Litton Das: 2-Matches | 2- Inns | 87-Runs | 10- 4s Did Highest 4
- Abhishek Sharma: 2-Matches | 2- Inns | 61-Runs | 5 6s Did Highest 6

Best-batting-average:
- Azmatullah Omarzai: 1-Matches | 1- Inns | 53-Runs | 53.00-Avg Did Highest Average

INSIGHTS
Other Bowling Scores

Standout Performers
- Kuldeep Yadav **(4/7 vs UAE, Econ 3.33)** → best bowling performance so far, match-winning spell. Also took **3/18 vs Pakistan** → proving consistency against big teams. 👉 Clearly the **most valuable bowler of the tournament**.

Surprise Packages:
- Shivam Dube (3/4 vs UAE, Econ 2.0) → part-time bowler but delivered shock value.

Best Bowling Striker:
- **Kuldeep Yadav**: 2 - Matches | 6.1 - Overs | 7 - Wickets | 5.29 - Strike Rate |

RECOMMENDATION

- **Retain Litton Das & Pathum Nissanka as top-order anchors** → they provide consistency with aggressive starts, balancing risk and stability.
- **Promote Azmatullah Omarzai to finish overs 12–18** → his strike rate (252.38) makes him the perfect middle-order accelerator.
- **Use Kuldeep Yadav as the strike weapon in middle overs** → his consistency against both weaker and stronger sides makes him the most valuable bowler.
- **Test Shivam Dube with longer bowling spells** → his economy (2.0) suggests hidden potential; needs validation in tougher matches.
- **Rotate out low-SR batters (Farhan, Hayat)** → their slow scoring rates risk draining momentum in T20 formats.

CONCLUSION

Teams that mix steady scorers like **Litton and Nissanka** with big hitters like **Omarzai,** plus smart spinners **like Kuldeep,** are winning more and look **stronger in this tournament.**

THANK YOU
